I want to change the navigation bar background in iOS7 programmatically. I want a rounded background like facebook app. I am using the following code, but the navigation bar's background color is not changed. self.navigationController.navigationBar.tintColor = [UIColor redColor]; A: Actually there is a new property in UINavigationController in iOS 7 self.navigationBar.barTintColor = [UIColor redColor]; self.navigationController.navigationBar.barTintColor = [UIColor blueColor]; A: You can do this by : self.navigationController.navigationBar.barTintColor =

---

[UIColor redColor]; self.navigationController.navigationBar.tintColor = [UIColor blueColor];  
A: Just add UIApplication.shared.keyWindow?.tintColor = UIColor.whiteColor() as the last  
line of ViewDidAppear to reset all UINavigationController properties Refer this Updated  
answer : self.navigationController?.navigationBar.barTintColor = UIColor.whiteColor()  
self.navigationController?.navigationBar.tintColor = UIColor.whiteColor() Ned Hetzel Ned
